

PRESIDENTS MESSAGE

Dear members,

If you're like me, you don't check out the Boxer website as often as you should. Take a good look at it after you read this email message. Our web master Salvador Sanchez has been very hard at work giving the website a whole new image, he hasn't finished yet, it is still under a major update. My thought is that he has made it look a lot more LHD-ish, which is exactly what it needs. After all during our next reunion we will be approving a LHD sailor as your new president, with a majority of officers and directors also from the LHD Boxer.

Wow, I guess I can now be considered a short timer, and it feels pretty good. After twelve years it's time to turn it over to the youth of the organization and I feel more confident than ever there is a great future ahead for our beloved USS Boxer Veterans Association. (In case you haven't heard your new president will be Neal Davis LHD4) please give him all your support.

And you can also send Sal a big thank you for all his hard work at (Salvador Sanchez <ussboxervetassociation@gmail.com>)

Your short timer president,

Gary Torlina
